SBSTA 46 – Co-facilitators Informal Information Notes

This informal information note has been prepared to reflect the discussions under SBSTA agenda item 10 (a). It is a non-paper with no official standing.

The attachment to this informal note contains a non-exhaustive and unstructured list of elements prepared by the Co-Facilitators. The informal list represents our attempt to informally capture the views on elements expressed by Parties in their submissions and in their discussions during informal consultations at SBSTA 46. The informal list does not attempt to capture convergence or divergence. The informal list does not represent agreement; and does not represent agreed views, or agreed ideas or agreed text. The informal list does not represent a proposed structure and the location and numbering of elements does not denote any ranking and the elements raised by Parties are not in any order of priority.

In reflecting on the process of developing the informal list and on the elements within it, some Parties spoke of the need to ensure that the work of the group be governed by the provisions of the Paris Agreement (and decision 1/CP.21) and expressed their concern that some elements listed by Parties on the informal list were not included in the relevant provisions of the Paris Agreement. Others also identified the need to ensure that the guidance does not contradict the Paris Agreement. Other Parties wished to collect the broadest list of elements reflecting Parties' views. Many Parties expressed their strong discomfort with certain elements on the informal list.

We want to give all Parties assurance that the informal list is not in any way a suggested basis for developing the guidance relating to Article 6 paragraph 2 of the Paris Agreement. It is not a forecast of any future direction of work. It does not prejudge further work that Parties may want to undertake nor does it in any way limit Parties from expressing any views they may have in the future.
